COTTON MARKETS.

NEW YORK, September 24.—The cotton market continued sensationally active to day with the business suggesting that Westlem and outsiders were taking the market and and outsiders were taking the market and and outsiders were taking the market continued sensationally active to day with the business suggesting that Westlem business in the stock market was the number of enormous individual transactions in Reading, and to some extent in United States Steel. The persistence with which Reading was pushed for sale on the advances and forced back had much to do with the vacilitating tendency of the whole list. When the pressure of Reading subsided a tendency of prices to tise moderately came into notice. United States Steel and the Pacific showed some strength. St. Louis Southwestern was a feature of strength, in spite of the anxiety regarding the cotton crop which the rise in the price of that commodity suggested. The final drive against Reading determined the closing tone of the market.

Bonds were heavy. Total sales, parvaine, \$2.594,000.

United States bonds were unchanged on call.

CHICAGO, September 24.—Liberal sales of the September delivery by a leading long caused general weakness in wheat here to-day, final quotations showing net losses of % 61½ to 1%c. Corn and eats also closed weaw, but provisions were strong.

weaw, but provisions were strong.
Seiling of the September delivery by the
principal holder was in evidence throughout
the session, and it was reported inte in the
day that the entire line, the concentration
of which in the hands of this influential
elevator interest, had caused congestion in
that option for some time, had been soid.
The market was also hearishly affected by
the weakness of foreign markets. During
the day the September delivery soid between
\$1.03½ and \$1.04, while December ranged between 39% and 50½c. The close was weak
with September at \$1.01% and December at
\$5½c.

### On Foreign Exchanges

LONDON, September 24.—Money was dentiful on the market to-day

discounts were easy in sympathy,
With the settlement commencing
business on the Stock Exchange was moderate and prices generally were

easier. Consols and home rails lacked support. Copper shares weakened with Americans, but kaffirs, diamond shares and foreigners were firm and dearer.

During the forenoon business in American securities was light, with moderate fluctuations. Prices at noon ranged from half a point higher to 1-8 lower than New York's closing of yesterday. The belief that dearer money in New York would induce liquidation caused offerings here. New York sent supporting orders in the afternoon, especially in United States Steel, but the market sagged and the close was uncertain.

BERLIN, September 24.—Prices on the Bourse to-day were firm on the good American iron reports.

PARIS, September 24.—Prices on the Bourse to-day were firm,

PARIS, September 24.—Closing: Three per cent, rentes, 87 francs 45 centimes for the account, Exchange on London, 25 francs 14 centimes for checks,

BERLIN, September 24.—Exchange on London, 20 marks 40 1-2 pfennigs for checks. Money, 21-2 per cent. Pri-vate discount rate, 33-8 per cent.

### Bradstreet's Report.

NEW YORK, September 24.—Brad-street's to-morrow will say; street's to-morrow will say:

"Trade continues of favorable proportions, demands for all staple lines being noteworthy features, though there is a tone of conservatism in many reports. Shipments are heavy, and in many instances buyers are requesting prompt deliverles. Business on spring account is also of good volume. Retail business is getting into better shape. Commodity prices, both for raw materials and edibles, are generally very firm, and the high prices that manufacturers have to pay for such raw products as cotton and wool, together with a certain degree of unsettlement resulting therefrom, is making them quite careful about booking future orders. Industrial lines are still increasing outputs. Iron and steel continue active, the characteristic features being heavy buying of pig Iron at higher prices, urgent requests for intished goods and increasing outputs of everything.

"Business failures in the United States for the week anding with Sac.

"Business failures in the United States for the week ending with September 22 were 171, against 198 last week and 257 in the like week of 1908.

"Wheat, including flour, exports from the United States and Canada for the week ending September 23, aggregate 2,973,691 businels, against 2,286,591 and week and 6,489,526 this week last year. Corn exports for the week were 94,418 businels, against 95,540 last week and 69,982 in 1908."

NEW YORK, September 24.—Brad-street's bank clearings report for the week ending September 23 shows an aggregate of \$3,386,880,000, as against \$3,432,553,000 last week, and \$2,689,-724,000 in the corresponding week last

THE BRICK STORE PROPERTY No. 1703 E. Franklin St. AT AUCTION.

By E. A. Catlin, No. 6 N. Eleventh Street,

On WEDNESDAY. SEPT. 29TH, at 4:30 o'clock P. M., I will sell at auction that extra desirable, long-established business property, No. 1707. East Franklin Street. By reason of its nearness to the Old Market, where there is always a large city and country trade, and for the further reason that it has never been idle a day since it was creeted, and in view of the fact that there is not a business house in the neighborhood which can be had, this should, and will, make one of the best investments to be found in this city. It is a very old established illuor stand, but any class of retail trade would prosper at this location, for thousands of people daily pass that point.
